

Project closing Report

Provide a brief summary of the engagement

Give an overall engagement strategy adopted, geographical coverage (total districts, villages and block), people engaged with and type of engagement.

Institute of Social Development Chitrakoot implemented Family Planning awareness generation programme in 20 villages of Chitrakoot District in two Blocks (karwi and Pahadi) with the help of Global Health Strategies Lucknow and Sathi faizabad. Financial support was provided by G.H.S. Lucknow and Networking support was provided by Sathi faizabad Uttar Pradesh. This Programme was approved from 1st January 2019 up to 30th June 2019 and organised implemented accordingly.

ISD Trust selected 20 Champions from 20 Villages According to norm of G.H.S. among ever 7 champions were Asha, 1 champions was the member of Women group and 1 champions was male person and 11 champions were from community members.

All community champions organized meetings with target couples and discussion was based on awareness Knowledge about family methods i.e. contraceptive Oral pills, Condoms, emergency pills, Copper-T, Chaya pills and Antra injection. They also discussed their supply in villages and unavailability of this services, challenges in the community, challenges from government side, social barriers and misconceptions. They also discussed to eradicate these problems in the community. They also used IEC materials for awareness generation and to address social barriers and misconceptions.

Community Champions Participated in Saas Bahu Sammelan to increase demand for an uptake of family planning services. Also target couples discussed their individual problems i.e. child marriage, early marriage, early pregnancy. How Saas compale them to bear a child as soon as possible at a marriage and they also found the solutions in this programme.

Listed below are the pre-set objectives of this engagement. State whether you have successfully achieved these objectives. Please share examples for each to showcase the successes and failures.

Create a pool of 20 Community Champions to be advocates for Family planning

Saroj payasi- Community champion Saroj Payasi of village Semaria was selected for the purpose of self service.

Visakha devi- Community champion Visakha devi of village Bhaganpur was selected for the purpose of self service.

Chanda devi- The community champion of Village Balapur is an Asha Bahu, therefore, his selection has been done keeping in mind his expectations.

Siyalali- Gram Bandarakol's community champion Sialali has been selected due to the social work she has done.

Vimala devi- Community champion Vimala devi of village Chaklohasar was selected for the purpose of self service.

Suman Devi- Community champion Suman devi of village Khohi was selected for the purpose of self service.

Kailashiya- The community champion of Village Balapur is an Asha Bahu, therefore, his selection has been done keeping in mind his expectations.

Mamta Singh- Community champion Mamta Singh of village Barampur was selected for the purpose of self service.

Guddan-Community champion Guddan of village Chakjafar was selected for the purpose of of self services.

Preeti Verma - Community champion Preeti Verma of village Bhuihari was selected for the purpose of of self services.

Vishnukanti Mishra - The community champion of Village Asoh is an Asha Bahu, therefore, his selection has been done keeping in mind his expectations.

Strengthen linkages and advocate for family planning with government officials to address implementation challenges(How has your work strengthened the feedback system linking village, block and district levels to address bottlenecks related to family planning supplies and services? Showcase with atleast 5 detailed examples)

GHS Organized two days refresher training to empower to community champions what is programme? Community champions organized meetings with key stack holders through group meeting at village level. Two disseminate family planning information using IEC material. After getting the information from the community through meetings. They organised meetings with Gram pradhan, ANM at village level, MOIC at community health centre, Block and district levels officials, district TSU members and put all the challenges in the family planning supply and services. They also requested them for better supply in the community because demand is increasing at all level in the community due to the effort of community champions.

Examples- A- Community Champions of Bhaganpur Mrs. Visakha Devi was organised advocacy meetings with MOIC and discussed how to ability coper-T at village level. Dr. Umesh nishad told us every VHND programme Coper-T Services by ANM at village level. Dr. Umesh nishad also told us Coper-T services takes community health centre and primary health centre.

B- community champions of Balapur mrs. Chanda devi was organised advocacy meeting with district program manager(NHM) Mr. Ram Kishor karwariya. She discussed about miscunsumption of antra injection among community members. karwariya ji told that antra-injection can stop menstruation for 1 or 2 months, but there are no Question of painic in it, but it only benefits the woman because the blood which comes out of woman's body does not come out and the woman's health is fine.

C- Community champion suman of village chitra gokulpur advocated about the availability of antra injection in the primary health center of sitapur from dr. Umesh nishad . After the availibility of antra injection in the primary health centre sitapur, 6 women of village chitra gokulpur intercepted.

D- Saroj payasi the community champion of village Semariya jagannath vasi advocacy meeting with MOIC to provide chaya tablet not available in the village by the asha. IN Which MOIC told that the work of asha is to make people aware about government schemes and services and ensure access. Asha is not a drug delivery. Work of Asha is to connect beneficiary to health centre and services provided by them. Dr. lakhan told that before the use of chaya tablet, It is necessary to have women check once. Therefor the women will have to come to the health centre for a chaya tablet. After this chaya can be obtained from the ANM on the day of VHND in the village.

E- Mamta Singh Community champion of village barampur, discussed the problems of women after sterilization, such as gas, swelling of stomach, pregnancy etc. from dr, Ramakant chauriha ji at district level. In Which dr. chauriha ji told that after gas sterilisation, gas can be made in the stomach or it may be due to any other reason. Vasectomy does not have any relation with the problems. Dr. chauriha told that if the women of sterilisation becomes pregnant, the compensation amount is provided to the women under the compensation scheme.

Activities performed by community champions were highlighted on social media and through news paper.

How many field visits have been conducted by the NCSO staff? What were the key observations from each of the visit? This should include key highlights from all the community and advocacy meetings. Please mention the common challenges and learnings

All 20 villages have been visited by NCSO staff during meeting. It was found in every trip that people had lack of information about family planning or contraceptive methods. Those who had information about contraceptive methods. Some of them did not use due to social misconceptions or traditions. Men were not involved in family planning awareness programs or were very less, and those who use contraceptive methods, primarily women use permanent sterilization or temporary instrument condoms and mala N tablet. People did not know about other methods. People also do not use contraceptive method due to discrimination in the community and the boys in the community and create three or four girls in the process of creating a boy. Along with this family or social pressure after marriage also prevents people from taking contraceptive methods.

How did you contribute in strengthening the work of the community champions?

(Mention your role in building the capacity of the champion. This section should cover how you supported the champions in community and advocacy meetings or in resolving issues identified by champions.)

By organizing meeting with NCSO from time to time with community champions to know the challenges to come during the work they are doing and to discuss them. It in addition to participating in meetings organized in the community and giving complete information to the community champions about the availability and use of any contraceptive method, if not to eliminate the fear of speaking in the meeting, wome encourage both men to keep their word in front of them.

Similarly organizing a consultation meetings with the decision- makers at the block and district level encouraging the champions to share the challenges of community with the decision-makers in the meeting and providing IEC material to overcome social barriers and challenges etc.

How do you plan to sustain and continue the work around family planning with the pool of trained champions that you now have, after the end of this project? Also, describe the vision of the long-term sustainability of FPA

Continuation of the project work for achieving project goals even after completion of the project. To make all the community champions aware about self-services and change in the situation of community and society and the stabilization of population discuss with the community champions about the importance of their contribution from which it is 3 to 4 days in the month use it for people of your community supporting the champions by the institute in the consultation meeting.

Linking the local administration to as much as possible by sharing all the community champions with family planning and its importance and the consequences of population growth in the meetings of VHND, VHSNC, AAA and gram panchayat. The supply of contraceptive methods and services continued uninterrupted.

To make people more aware of the community in order to keep family planning and population stabilization for a long time, to make people aware about the consequences of population growth removing misconceptions and myths related to the use of contraceptive method, organizing awareness programs about not discriminating between boy and girl, child marriage or girl being under 18 and boys below 21 years of age conscious about the adverse consequences of marriage and continuous efforts to overcome social barriers and obstacles can be continued.

List down three notable developments of this overall project

- A- Make more awareness about family planning and its importance to more people in the community.
- B- The misconceptions and myths associated with the use of contraceptive devices in the community were removed.
- C- Community champions organized an awareness program for the community in 3 to 4 days to know the importance of social service in the community outside the house.

Table-1- Details of Community Champions

Name of Champion	District, Block and village	Category of Champion¹	Name of NCSO+I partner
Saroj Payasi	Chitrakoot, Karwi, Semariya	Community Member	ISD Trust
Visakha Devi	Chitrakoot, Karwi, Bhaganpur	Community Member	ISD Trust
Chanda Devi	Chitrakoot, Karwi, Balapur	Asha	ISD Trust
Siyalali	Chitrakoot, Karwi, Bandarkol	Community Member	ISD Trust
Vimala Devi	Chitrakoot, Karwi, Chaklohasar	Community Member	ISD Trust
Suman Devi	Chitrakoot, Karwi, Khohi	Community Member	ISD Trust
Kailashiya	Chitrakoot, Karwi, Rajaula	Asha	ISD Trust
Seema Devi	Chitrakoot, Karwi, Sangarpur	Community Member	ISD Trust
Mamta Singh	Chitrakoot, Karwi, Barampur	Community Member	ISD Trust
Suman	Chitrakoot, Karwi, ChitraGokulpur	Community Member	ISD Trust
Jyoti	Chitrakoot, Karwi, Manoharganj	Asha	ISD Trust
Sandeep Kumar	Chitrakoot, Karwi, seetapur Gramin	Community Member	ISD Trust
Geeta Devi	Chitrakoot, Karwi, Narayanpur	Asha	ISD Trust
Sangeeta Shukla	Chitrakoot, Karwi, Khoh	Community Member	ISD Trust
Sarita singh	Chitrakoot, Karwi, Laudhiya Bujurg	Asha	ISD Trust
Rajrani	Chitrakoot, Karwi, Lodhwara	Asha	ISD Trust
Neetu	Chitrakoot, Pahadi, Chakaundh	Community Member	ISD Trust
Guddan	Chitrakoot, Pahadi, Chakjafar	Womens Group Member	ISD Trust
Preeti Verma	Chitrakoot, Pahadi, Bhuihari	Community Member	ISD Trust
Vishnukanti Mishra	Chitrakoot, Pahadi, Asoh	Asha	ISD Trust

¹Category of champion: The champion can be a ASHA, ANM, PRI member, Social Worker, Religious Leader, Community Mobilizer, Community member

Table-2- Performance of Community Champions
